Prompting Framework

Core
- **I** (Input Management Module)
- **O** (Output Management Module)
- **M** (Model Collection)
- **T** (Task Management Module)

Extend
- **P** (Prompt Collection)
- **D** (Data Processing module)
- **C** (Context and Memory Management Module)
- **A** (External Tools and Services Integration Interface)

Prompt Engineering
- Prompt template design
- Example selection
- Optimization algorithm
- . . .

Prompt Learning
- Model training methods
- Parameter adjustment strategy
- Knowledge update mechanism
- . . .

Prompting
(The action or process of providing a prompt)

Operation Process

LLM

Prompt
